

PECB Certified ISO 31000 Risk Manager

Understand the implementation of a Risk Management process based on ISO 31000

Why Should You Attend?

This training course provides participants with essential knowledge and skills to apply the ISO 31000 risk management guidelines in practice. It focuses on interpreting and implementing the principles of risk management, establishing a framework suited to an organization's context, and enhancing decision-making through a structured risk management process.

Upon completion of the training course, you can sit for the exam and apply to obtain the "PECB Certified ISO 31000 Risk Manager" credential. The credential demonstrates your knowledge and ability to apply the risk management process in an organization based on the guidelines of ISO 31000 and best practices.

Who Should Attend?

This training course is intended for:

- Managers or consultants responsible for the effective management of risk in an organization
- Individuals seeking to gain knowledge about the risk management principles, framework, and process
- Individuals responsible for the creation and protection of value in their organizations
- Individuals interested in pursuing a career in risk management
